OQ Care

Item Code: 301830

Unhealthy lifestyle are being blamed for an alarming increase in health problems, the body deserves proper care and nutrition. It is thus crucial to eat the right foods in order to ensure the body is healthy. Lutein and zeaxanthin are two major carotenoids found in human. Like vitamin A, C and E, they function as antioxidants and protect the body from free radicals. Fruits and vegetables should be incorporated into one's diet to ensure sufficient nutrients in our body.

OQ Care has a combination of natural concentrates, containing antioxidants lutein, zeaxanthin, vitamins and other bioactive botanical extracts that support health and overall well-being.

Features:

- Each tablet provides 10mg of lutein and 0.4mg of zeaxanthin from Marigold flower extract.
- Contains blend of grapeseed extract, L-taurine and lemon bioflavonoid to support normal health.
- Added nutrients that have antioxidant properties (Vitamin A, C, E, Zinc & Selenium) for nutritional health benefits.
- For people who frequently exposed to free radicals.
- Manufactured to pharmaceutical quality to ensure optimum safety.

Directions:

Take 1 tablet twice daily after meal.
